## Profile

I'm a fresh graduate in Design+ and Computer Science with experience in software development and game programming using Unity, C#, React.js, and Firebase. My core skills include full-stack development, agile project management, UX/UI design, and technical consulting. I have strong collaboration and leadership skills, with a history of working with cross-functional teams, managing branding and marketing, and co-founding a startup.

I am excited to leverage my skills and experience to drive innovation and growth in the tech industry.

## Education

### Bachelors of Arts and Science in Design+, Bachelors of Engineering in Computer Science,

08/2020 – 06/2024

*The University of Hong Kong*

Modules taken: 3D Modelling and Scripting, Python, C++, Data Structures and Algorithms, Object-oriented programming, Computer Graphics, Game Programming, Databases, Software engineering, Artificial Intelligence
