Profile

Full-Stack & Systems Software Engineer pursuing a part-time Master's in Artificial Intelligence (HKUST). Experienced in building complex automated pipelines processing raw documents, state management, and integrating LLM workflows. Strong focus on software reliability, clean code architecture and cross-functional technical communication. Fully authorized to work full-time in Hong Kong.

Professional Experience

Research Assistant in Artificial Intelligence, *Hong Kong Institute for Advanced Study* 02/2025 – 05/2026

- **Engineered Python automation pipelines** to extract, clean, and synthesize complex academic data, streamlining reporting timelines to 5 hours.
- **Developed automated data monitoring tools** to track news and real-time achievements of Senior Fellows automatically.
- **Led quarterly technical workshops** teaching staff on structured prompt engineering and safe LLM integration into daily operational workflows.

Learning Strategy Analyst and Software Developer, *Press Start Studios* 02/2024 – 08/2024

- **Transformed unstructured curriculum documents** into rule-based, interactive visual stories in Unity.
- **Designed full-stack web architecture workflows** using React.js and Azure AI services that generates custom English worksheets.
- **Implemented strict input validation schemes** and conditional logic checks to ensure system stability and document output formatting accuracy.

Systems Developer, *Gamucatex* 06/2023 – 07/2023

- **Collaborated in a small Agile team** to ship a playable build under strict constraints for the Roskilde Festival.
- **Expanded core platform functionality** by designing 3 modular, rule-based ability mechanics in C#.

Manager of Branding and Marketing in Website & UX/UI, *AIIESEC in Hong Kong* 05/2022 – 06/2023

- Managed web properties, optimized user interfaces, and utilized data analytics to **increase digital campaign conversion** (CTR to 55%)

Education

MSc Artificial Intelligence (Part-time) 09/2025 – expected 07/2027

Hong Kong University of Science and Technology (HKUST)

BASc Design+ and BEng Computer Science, *The University of Hong Kong (HKU)* 09/2020 – 07/2024

- Second Class (Division I) Honours; Dean's Honours
- Exchange, Uppsala University
